

# Piyush Wankhede

## Frontend Developer

Address: Nagpur, Maharashtra, India

Phone: +91-9860460673 | Email: wpiyush62@gmail.com

Portfolio | GitHub | LinkedIn

## PROFESSIONAL SUMMARY

Results-driven Frontend Developer with strong knowledge of React.js, JavaScript (ES6+), HTML5, and CSS3. Experienced in building responsive, interactive, and high-performance single-page applications. Skilled in API integration, client-side routing, and UI/UX design optimization. Dedicated to delivering clean, maintainable code and intuitive user experiences using modern web technologies.

## TECHNICAL SKILLS

**Frontend Development:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design

**React Tools:** React Router DOM, Context API, Custom Hooks (useState, useEffect, useRef)

**API & Data Handling:** REST APIs, Axios, Fetch API, JSON, LocalStorage

**Performance:** Lazy Loading, Code Splitting, Lighthouse Optimization

**Version Control & Deployment:** Git, GitHub, Netlify, VS Code, Vite

## PROFESSIONAL EXPERIENCE & INTERNSHIP

### Frontend Development Intern

Coderfuel Infotech Pvt. Ltd

Nagpur, Maharashtra, India | July 2024 – December 2024

- Developed and optimized 10+ responsive React components improving overall UI load time by 30%.
- Integrated RESTful APIs to fetch and render data efficiently, enhancing data accessibility across modules.
- Implemented SPA navigation using React Router DOM and managed state using Context API.
- Enhanced user experience through lazy loading, code splitting, and re-render optimization.
- Collaborated using Git and GitHub for version control and deployed projects seamlessly via Netlify.

## PROJECTS

### Inventory Management System (CRUD)

- Built a CRUD dashboard allowing product addition, editing, and deletion with persistent LocalStorage data.
- Designed modular React components for forms, tables, and filtering to streamline inventory workflow.
- Ensured cross-browser compatibility and optimized accessibility (WCAG) compliance.
- Technologies: React.js, LocalStorage, CSS, Netlify

### Advanced React UI Features

- Developed client-side pagination, infinite scrolling, and route-based code splitting.
- Improved performance using hooks (useEffect, useRef) and efficient rendering techniques.
- Technologies: React.js, React Router DOM, Fetch API

### Portfolio Website

- Designed and developed a fully responsive portfolio showcasing projects and skills.
- Implemented a light/dark mode toggle and deployed via Netlify.
- Technologies: React.js, CSS3, UI/UX Principles

### Mini Projects

- Created Notes App, To-Do List, and Age Calculator to strengthen JavaScript and React fundamentals.

## EDUCATION

### Bachelor of Technology in Computer Technology

KITS, Rashtrasant Tukdoji Maharaj Nagpur University

CGPA: 7.22 | Graduation: 2024

## CERTIFICATIONS

Web Development — Coderfuel Infotech Pvt.Ltd

Responsive Web Design — freeCodeCamp (In Progress)

## ACHIEVEMENTS & ADDITIONAL SKILLS

- Completed a comprehensive frontend roadmap covering HTML, CSS, JavaScript, and React.js.
- Developed and deployed multiple personal projects using Git, GitHub, and Netlify.
- Solved 50+ JavaScript coding challenges to strengthen problem-solving and logic-building skills.

## SOFT SKILLS

Problem-Solving | Collaboration | Communication | Time Management | Adaptability

## LANGUAGES

English, Hindi, Marathi
